

The Highest Quality Delivered On-Time, Every Time!

Industrial/OEM Replacement Parts

Our components can be found in extrusion, valve trim, galvanizing pot gear, pumps, conveyors, hammer mills and many other types of process equipment.

Alloys

We specialize in the pouring, machining and welding of alloys in the cobalt, nickel, stainless steel and duplex families. (See website for complete list of alloys.)

**Small to Large,
Simple to Complicated.**
We manufacture parts,
In the **USA!**

Company

Fully integrated:

- Engineering
- Foundry
- Pattern Mold Shop
- Heat Treat
- CNC/Manual Machining
- Weld Shop (mig/tig/PTA)
- EDM

Industries Served

- Polymer / Elastomer
- Plastics
- Chemical
- Valve
- Oil & Gas
- Rubber
- Galvanized Steel
- Machining
- Aerospace/Aviation
- Power Generation
- Material Handling
